HighJoule's scalable, high-efficiency 2MWh energy storage system provides reliable, cost-effective solutions for commercial, industrial, and utility-scale applications.

We integrate research and development, production, and sales of lithium battery packs, serving solar energy, wind energy, intelligent charging equipment, and more.

Increase your operational agility with scalable battery energy storage to match your applications. Our 30 kVA and 60 kVA batteries are highly maneuverable units complete with everything you ...
