Where can mobile storage containers be shipped?

Our mobile storage containers can be shipped cost effectively anywhere in North America. Mobile Container Sales manufactures and ships each storage container in easy to assemble modular units. Portable storage containers are the building blocks for any mobile storage business. As your business grows,so will your inventory of storage containers.

How many storage containers can MCs ship?

Mobile Container Sales (MCS) can ship 14our our largest 20 ft storage containers or 21 of the large 16 ft. storage containers or 42 of the smaller 8 ft. storage vault containers on one flatbed semi-truck. Our portable storage containers are best shipped in quantities that maximize each truck which lowers your overall cost per unit.

How long does it take to assemble a mobile storage container?

It usually takes 2 men about an hourfrom start to finish to assemble each unit using standard tools. Naturally,the first container may take a little longer. These mobile storage containers were easy to assemble once we got the hang of it. Everything comes included.

How do MCs removable container wheel kits work?

MCS removable container wheel kits insert directly into the container receiver slots. They are easily removed after the container is in place. They swivel to make loading and unloading a snap. The pneumatic wheels are ideal for moving containers over rough surfaces and make for easy loading and unloading.

Transform shipping containers into battery energy storage systems (BESS). These containers can house batteries for storing excess energy generated from renewable sources such as solar or ...
