Who makes Huawei solar inverters?

Huawei Technologies USA, founded in 1987, is a solar inverter manufacturer based in Plano. On this page, you can find a complete list of solar inverters from Huawei Technologies USA and compare models side-by-side. Quick facts about Huawei Technologies USA solar inverters in the EnergySage Buyer's Guide:

Which solar inverter is right for You?

Discover the Huawei SUN2000-5KTL-L1 solar inverter, the ideal solution to produce your own energy and reduce your dependence on the power grid. With a power output of 5 kW, it is perfectly suited for residential installations and small businesses.

Why should you choose a Huawei solar inverter?

When you choose this Huawei solar inverter, you're investing in a state-of-the-art solution, designed to meet the current and future energy needs of your home or business. The SUN2000-5KTL-L1 offers 5 kW of power and optimum efficiency for maximum self-consumption.

What is a hybrid solar inverter?

Like regular string solar inverters, hybrid inverters convert solar DC power from strings of solar panels to AC (alternating current) power used to power your home. However, unlike solar inverters, excess solar energy is used to charge a connected battery system or exported to the electricity grid. Household loads first, grid export last.

Sign in with your phone: Scan the QR code, or go to [yt/activate](#) on your phone, tablet, or computer, then enter the code on the screen. Sign in with your remote: Use your remote and ...
