What is Port Moresby power station?

The Port Moresby Power Station will provide reliable power to Port Moresby and is the lowest cost dedicated grid connected thermal generation in the country. Replacing heavy fuel oil and diesel, the gas-fired power plant also brings a material reduction in the environmental impact from power generation in PNG.

Will 5G drive Digital Inclusion and economic development in PNG?

"These early results indicate that 5G will enable us to drive digital inclusion and support innovation and economic development across PNG," Boudiaf stated. He noted that the company is awaiting the green light from the National Information and Communications Technology Authority (NICTA) to proceed with the commercial launch.

Is Digicel ready to roll out 5G services in Papua New Guinea?

Digicel PNG says it is ready to roll out 5G services across the country following strong results from its initial network testing phase. Chief executive officer Tarik Boudiaf said the 5G trials have delivered impressive outcomes in speed, latency, and efficiency, showing the network's potential to transform connectivity in Papua New Guinea.

Hierdie data kan gevisualiseer word deur filters met behulp van tegnologie (geen dekking, 2G, 3G, 4G, 4G +, 5G) oor 'n instelbare periode toe te pas (byvoorbeeld slegs die laaste 2 maande).

Our solutions are built for performance, scalability, and long-term success--backed by a team that knows Papua New Guinea from the ground up. Contact us today to learn how Cetelnet can ...

Minister for Information and Communications Technology Timothy Masiu recently confirmed that 5G coverage is being prepared for rollout in Port Moresby, Lae, Mt Hagen, ...
