Should I buy a 20ft shipping container?

We recommend purchasing a 20ft new shipping container instead. Boxhub is the largest online container marketplace in the United States and Canada. From homeowners to small business owners, enterprises to non-profits, our customers trust us to give them the best value for their money and deliver their containers on time. 1.

Can a 20ft container be stacked for shipping?

While they can no longer be stacked for shipping, they make for an excellent storage solution on land -- a much cheaper alternative to renting a storage unit or building a garage/shed. 20ft used containers will show clear evidence of their many ocean journeys. Dings, dents, and patches of surface rust are to be expected.

Do all 20ft & 40ft containers have a CSC plate?

For that reason, all the 20ft and 40ft containers we sell for shipping have a valid CSC plate - as do many of those sold for storage. In many ways, it's a seal of approval - even on older containers - that certifies it was built to international ISO standards for shipping.

What is a 20ft container used for?

Since they were originally manufactured to carry small volumes of heavy cargo (e.g. machinery, cement, and steel), 20ft used containers are ideal for storing large, heavy items such as metals, seasonal vehicles, and farming and construction equipment. Looking for containers to build a home, office, or gym?
