How much does a commercial greenhouse cost?

A commercial greenhouse costs \$2 to \$25+ per square foot for labor and materials, depending on the size, type, and features. The larger the greenhouse, the less you'll pay per square foot in most cases. Large commercial greenhouses that are 1+ acres typically cost \$2 to \$4 per square foot to build.

How much does it cost to build a greenhouse?

A greenhouse costs \$5 to \$30 per square foot or \$2,500 to \$15,000 on average for a 500-square-foot structure. Building a large commercial greenhouse costs \$2 to \$25 per square foot. The cost to build a greenhouse depends on the size, materials, and whether it's prefab or custom-built. Get free estimates from greenhouse builders near you.

How big is the greenhouse horticulture market?

The blooming greenhouse horticulture market is expected to reach \$50 billion by 2028. At the same time, energy costs, grid constraints, and public policy are fueling growth in on-site solar generation. Ready to go green and grow more with Heliene's agrivoltaic modules?

How much does it cost to maintain a greenhouse?

The cost to maintain a greenhouse depends greatly on its size, features, and climate. Maintaining a small, simple, hobby greenhouse in a mild climate may cost \$10 to \$40 per month or less, while a large, fully climate-controlled greenhouse in a northern state with extreme winters can cost \$3,000+ per month.
